Who looks after my PEG?

The doctor

The dietitian

The nurse

The people who care for you

What is a PEG?

A PEG is a tube that goes into your tummy

This is the tube

Medicine can go down the tube

Special food and drink can go down the tube
Why do I need a PEG?

Because you have a problem swallowing

or

Because you have a poor appetite

Who will put the PEG in my tummy

The doctor

At the hospital

You will have medicine to make you sleepy

Then the doctor will put the tube in.
