Welcome to the 2015/16 edition of the Health Improvement Training Programme.

Managed by NHS Fife Health Promotion Service on behalf of Fife’s Health and Wellbeing Alliance, the programme aims to provide individuals with the skills and knowledge to take forward Fife’s health improvement agenda.

With the challenges we face working to reduce health inequalities, the impact of welfare reform and the new health and social care agenda, the programme offers new courses to support, inspire and upskill Fife’s workforce.

This year we are celebrating the 10th edition of the programme. This is a significant milestone and highlights the commitment from Fife Health and Wellbeing Alliance to develop a skilled and confident workforce to help us build a healthier fairer Fife. This has been achieved through continued partnership working. Fife has a rich pool of assets in terms of the skills, knowledge, experience of both facilitators and participants, and the training is designed to make full use of these assets.

The courses offered have been informed by local and national health improvement priorities and in particular support the outcomes set out in Fife’s refreshed health and wellbeing strategy – fairer health for Fife 2015-20 which has an overarching aim of reducing health inequalities. The strategy will be launched later this year. For more information visit www.healthyfife.net.

I would like to thank all the organisations, facilitators and participants who have contributed to the training over the past 10 years and look forward to working with you in the future.

How to apply
Please read the booking conditions before applying for a course.

Please read the course aim and learning outcomes carefully in order to ensure that your chosen course is the right one for you.

Then either:
Complete the online application form on www.healthyfife.net

or
Complete the application form included at the back of this programme and return via post (please photocopy and fill in for each course you wish to attend).

Training course applications require your manager’s name and contact details and for you to tick the box to indicate that you have read and accepted the booking conditions. If these details are missing we will return the form to you.

Places are not offered on a first come first served basis. You will be notified via email approximately 4 weeks prior to the course if your application has been successful.

If your course is oversubscribed and you do not receive a place, you may be contacted at short notice should there be a cancellation.

Cancellations
Due to the high demand for places on courses we ask that if you need to cancel, you provide us with as much notice as possible to allow us to reallocate the place. Cancellations at short notice (less than 48 hours) and non-attendance may jeopardise your place on future courses.

How is the training delivered?
Training is delivered in a participative and interactive style which involves a variety of methods. These range from presentations to group work and discussion sessions. Participants are encouraged to draw on and share their own practical experience and to consider how they would apply learning from the training to their professional practice. Participants come from a wide range of backgrounds, which enhances the sharing and learning experience.

Who delivers the training?
Course trainers come from a wide range of organisations in Fife including Fife Council, NHS Fife and voluntary sector organisations such as Clued-Up, Penumbra, Barnardo’s, Barony Housing Association and Fife Alcohol Support Service. This partnership approach ensures that local knowledge and expertise is brought to the training courses on offer and is crucial to the successful delivery of the Health Improvement Training Programme.
**What does it cost to attend?**
Unless otherwise stated, all training courses in the programme are free and open to staff and volunteers from the public and voluntary sectors in Fife. Staff members from workplaces affiliated with the Healthy Working Lives project are also welcome to attend.

**Evaluation and feedback**
We ask all participants to evaluate each training course they attend in order to inform and shape our future practice. We welcome feedback on individual courses and any other aspect of the training programme. If you have suggestions, ideas or information, or would like to get involved in the training service in any way, please contact Karen Stirling on 01592 226488 or email karenstirling@nhs.net

**Accessibility**
We aim to ensure that our training courses are accessible for all. If you have any specific dietary or access requirements, including alternative formats, please indicate these on your application form or by contacting us on 01592 226488 or karenstirling@nhs.net and we will do our best to accommodate your requirements.

---

**Booking Conditions**

**By applying for a health improvement training course I agree that:**

- If I have to cancel my place on a course, I will give the Health Improvement Training Team as much notice as possible
- I will not attend a training course without having previously received a confirmation email
- I will try not to arrive late for a training session. If I am more than 30 minutes late, I understand that I may be asked to leave and re-apply for an alternative date
- I will not attend a course if I cannot stay until the stated finish time. I will cancel my place and re-apply for an alternative date
- I will only receive a certificate if I attend the full duration of the course.
Fife’s Health and Wellbeing Strategy 2015 - 2020

Faire Health for Fife

This strategy provides a framework for the many organisations, agencies, services, teams, workers and volunteers working across Fife to improve health and wellbeing by improving people’s lives. The main aim of the Health and Wellbeing Strategy is to create equal opportunity for good health across Fife.

The Health Improvement Training Programme aims to enable workers to work more effectively to improve health and wellbeing and reduce health inequalities in order to take forward areas of work outlined by the Health and Wellbeing Strategy. Reducing health inequalities involves everyone working in Fife and is in everyone’s interest.

The strategy promotes a 3 themed approach to reducing health inequalities. These are based on evidence about effective ways to reduce health inequalities and focus on what we can do locally:

Supporting healthier lives for individuals and families
Creating healthier places and communities
Changing the way organisations work.
The Health Improvement Training Programme offers training which will enable workers to develop the required knowledge and skills to carry out work based on each of the 3 themes. These are outlined in the following diagram:

Creating Imaginative Learning
Mentally Healthy Workplace Training for Managers
Reducing Health Inequalities: A Practical Guide
Understanding Health Literacy

Generations Working Together: Promoting Intergenerational Practice
The Impact of Homelessness on Health
Reducing the Impact of Fuel Poverty on Health
Using Asset Based Approaches to Improve Health and Wellbeing

Health Behaviour Change: A Practical Introduction
Eat Well, Be Active, Feel Good!
Raising the Issue of Smoking: Brief Advice
Risking it: Young People and Risk Taking Behaviour

Core Skills for Health Improvement

Groupwork and Facilitation
Monitoring and Evaluation
Reducing Health Inequalities
Working with Key Groups

Training available from the Information and Resources Centre
Creating Imaginative Learning

**Aim:**
To introduce and explore the principles of creating imaginative learning to enable participants to plan, design and deliver memorable and effective learning opportunities.

**Learning outcomes:**
By the end of this course participants will have:

- Considered how to provide a rich and multi-sensory group environment that will engage and inspire their learners
- Looked at the importance of ‘state’, both their own as trainers and that of the groups they work with, and how to influence this
- Explored a wide range of tools available to use with groups e.g. in meetings, training, presentations and facilitation
- Increased their skills and confidence to plan and provide learning sessions.

**Who should attend?**
Those from the NHS, local authority or voluntary sector who would like to develop and/or enhance skills to design and deliver training and other learning opportunities.

---

**Course length:**
One day

**Dates:**
November 4th 2015, Cameron Hospital, Leven
March 16th 2016, Lynebank Hospital, Dunfermline

**Facilitators:**
Evelyn Wilson, Senior Health Promotion Officer – Training, NHS Fife
Laura Henderson, Senior Health Promotion Officer – Training, NHS Fife
April Mussen, Professional Development Officer, Fife Council

---

Thoroughly enjoyed session - very interesting and a great combination of learning opportunities.

**Cost:** Free
Apply for a place at www.healthyfife.net
Developing Facilitation Skills

**Aim:**
To enable participants to explore the skills and qualities required by a facilitator.

**Learning outcomes:**
By the end of this course participants will have:

- Clarified what facilitation means and understood the role of the facilitator
- Explored how attitudes and values impact on facilitation
- Identified their own strengths and areas for development as a facilitator
- Experienced a number of facilitation tools ‘in action’ and have considered how to select the appropriate tool for the task
- Planned a short facilitation session and developed a design template.

**Who should attend?**
Those who have already attended the ‘Making Groupwork More Effective’ training course or who are experienced in working with groups and wish to develop their facilitation skills.

**Course length:**
One day

**Dates:**
October 7th 2015, Cameron Hospital, Leven
March 8th 2016, Lynebank Hospital, Dunfermline

**Facilitators:**
Evelyn Wilson, Senior Health Promotion Officer – Training, NHS Fife
April Mussen, Professional Development Officer, Fife Council
Laura MacKean, Policy Officer, Fife Council

**Cost:** Free
Apply for a place at www.healthyfife.net
Making Groupwork More Effective

Aim:
To enable participants to increase their knowledge, skills and confidence in facilitating groups.

Learning outcomes:
By the end of this course participants will have:

- Explored a variety of factors that make a successful group
- An overview of several frameworks and models to help them better understand how groups work and how individuals learn
- Experienced a number of group work tools and techniques ‘in action’
- Identified a variety of ways to troubleshoot challenging situations.

Who should attend?
This course is for anyone in the NHS, Fife Council or the voluntary sector who is new to working with groups.

‘Developing Facilitation Skills’ is a useful follow-on course for those who have attended this training and who have had an opportunity to put some of the learning into practice.

Cost: Free
Apply for a place at www.healthyfife.net
Demystifying Outcomes

Aim:
This practical workshop will enable participants to understand and clarify outcomes, outputs and indicators for their work projects.

Learning outcomes:
By the end of this course participants will have:

• An understanding of the terminology involved, including the key features of a good outcome
• Explored how to set relevant outcomes for their projects
• Considered how to identify indicators to measure their outcomes.

Who should attend?
This course is ideal for anyone from the public or voluntary sectors in Fife who would like to clarify how outcomes apply to their work, including those who are starting a new project or piece of work.

Course length:
Half day (afternoon)

Date:
October 28th 2015, Cameron Hospital, Leven

Facilitator:
Laura Henderson, Senior Health Promotion Officer – Training, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net

“I now feel more confident in my role thanks to this training”
Getting Started with Evaluation

**Aim:**
This introductory course will provide a practical opportunity for participants to work through the process of evaluation and explore a range of approaches and methods that can be used to plan and carry out an evaluation.

**Learning outcomes:**
By the end of this course participants will have:

- Demystified the terminology used in evaluation
- Explored the different stages of the evaluation process using simple and structured group activities
- An improved understanding of some of the methods that can be used for evaluation purposes
- Worked through a number of exercises to support local evaluation including participatory appraisal methods.

**Who should attend?**
Anyone who would like to develop their skills and knowledge in monitoring and evaluation.

**Course length:**
One day

**Date:**
November 18th 2015, Cameron Hospital, Leven

**Facilitators:**
Katie Provan, Healthy Working Lives Adviser, NHS Fife
Jo-Anne Valentine, Public Health Manager, NHS Fife

**Cost:** Free
Apply for a place at www.healthyfife.net
Making the Most of Health and Wellbeing Data

Aim:
To enable participants to increase their knowledge of sources of data about health and wellbeing and its determinants and to increase their level of understanding of ways to interpret and present this data.

Learning outcomes:
By the end of this course participants will have:

• Knowledge of what sources of data are available
• An understanding of the different types of data and how to use and interpret these
• Explored different ways to present data
• Worked through some practical examples.

Who should attend?
This course is for those who use data as part of their work, for example as evidence of need, to profile local areas or to support monitoring or evaluation.

Course length:
Half day (morning)

Date:
March 1st 2016, Cameron Hospital, Leven

Facilitators:
Clare Campbell, Public Health Scientist, NHS Fife
Bryan Archibald, Senior Information Analyst, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net
Aim:
This practical training course will enable participants to analyse and interpret the monitoring and evaluation information they have collected on their project’s activity in order to report effectively to funders and enhance future service delivery.

Learning outcomes:
By the end of this course participants will have:
• The ability to analyse information collected on their project’s activities
• Knowledge of how to report effectively on the delivery of project outcomes to funders and stakeholders
• Considered how this process can be used to inform improvements to future project delivery.

Who should attend?
Anyone who is involved in evaluating and reporting on their project’s activities. This course is a useful follow on for those who have attended training in ‘Getting Started with Evaluation’ (see page 14).

Course length:
One day

Date:
January 27th 2016
Cameron Hospital, Leven

Facilitators:
Jo-Anne Valentine,
Public Health Manager, NHS Fife
Laura Henderson,
Senior Health Promotion Officer – Training, NHS Fife

The course was very interesting and educational, which has updated my knowledge.
Generations Working Together: Promoting Intergenerational Practice

Aim:
Intergenerational practice aims to bring people together in purposeful activities which promote greater understanding and respect between generations and contribute to building cohesive communities (The Beth Johnson Foundation). This course will provide an overview of intergenerational practice and will enable participants to plan an intergenerational activity, considering practical issues, priorities and available resources.

Learning outcomes:
By the end of this course participants will have:

- Increased awareness of how intergenerational approaches can contribute to improving health and wellbeing
- Increased knowledge of resources and approaches for intergenerational working
- A versatile set of tools and resources for planning and evaluating an intergenerational activity
- Increased confidence in promoting intergenerational practice.

Who should attend?
This course is for anyone in a position to support, develop or carry out work which enables generations to work together.

Cost: Free
Apply for a place at www.healthyfife.net
Health Behaviour Change: A Practical Introduction

Aim:
This course integrates behaviour change theory with evidence based, practical techniques for supporting individuals and groups to make healthier lifestyle changes. A combination of individual, pair and group work will enhance and build upon existing practitioner skills.

Learning outcomes:
By the end of this course participants will have:

- Explored the concept of health behaviour change
- Had an opportunity to practice skills to support health behaviour change
- A toolkit of resources to use with clients.

Who should attend?
This course is open to all NHS, local authority and voluntary sector staff who work to help and support people to explore and resolve issues around health behaviour change either one-to-one or in a group setting. It is of particular relevance for all healthcare staff working to facilitate health behaviour change.

Cost: Free
Apply for a place at www.healthyfife.net
Motivational Interviewing

Aim:
To gain a good understanding of Motivational Interviewing (MI) and skills to use in working with clients to help them explore their ambivalence about change and help them move towards change. This skill-based course will enable you to practice approaches to helping clients change and provide the skills to start using this communication approach with clients. For more information on MI see: www.motivationalinterviewing.org

Learning outcomes:
By the end of this course participants will have:

- An understanding of what Motivational Interviewing is
- Distinguished Motivational Interviewing from other counselling/behaviour change approaches
- Introductory-level skills in Motivational Interviewing, including tools to support its use
- The confidence to use these skills with clients.

Who should attend?
Professionals, particularly those working in health and social care settings, who work with clients on a day-to-day basis. Applicants must have undertaken the 1-day Health Behaviour Change training in this programme (page 18) or equivalent (including OARS). Those who would like to develop a good understanding of and an introductory-level skill in Motivational Interviewing to use in their work with patients.

Course length:
Two days

Date:
November 16th & 23rd 2015, Cameron Hospital, Leven

Facilitators:
Louise O’Rourke, Trainee Health Psychologist, NHS Fife
Ellen Townend, Health Psychologist, NHS Fife
Pam Lanza, Health Psychologist, NHS Fife
Hannah Dale, Health Psychologist, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net
Reducing Health Inequalities: What Works

Aim:
This practical workshop will look at the current context of health inequalities in Fife and will enable participants to explore their role in addressing these.

Learning outcomes:
By the end of this course participants will have:

• An understanding of health inequalities and their impact on the population in Fife
• Knowledge of the approaches that are known to be effective in reducing health inequalities
• Considered the practical steps that they can take to address health inequalities within their own area of work.

Who should attend?
This course is open to all NHS, local authority and voluntary sector staff who would like to explore, consider and discuss issues related to inequality and poverty.

Course length:
Half day

Dates:
November 12th 2015 (afternoon), Cameron Hospital, Leven
February 2nd 2016 (morning), Lynebank Hospital, Dunfermline

Facilitators:
Anne Aberdein,
Development Officer
– Health & Wellbeing/Child Protection, Fife Council

Jo-Anne Valentine,
Public Health Manager, NHS Fife

Laura Henderson,
Senior Health Promotion Officer
– Training, NHS Fife

This workshop can also be delivered in-house to suit the needs of your agency, team or partnership group. Please contact fife-uhb.hitraining@nhs.net to discuss.

Cost: Free
Apply for a place at www.healthyfife.net
The 7 Habits of Highly Effective People

Aim:
To enable participants to build a high level of personal choice, a sense of purpose and relationship-building skills which have been shown to build effectiveness at home and work and to maximise personal health and wellbeing.

It will also help participants support others to build healthier lives thus helping to create and sustain healthier workplaces and communities.

Learning outcomes:
By the end of this course participants will have:

• A good knowledge and understanding of the 7 habits and how they help to promote personal effectiveness, health and wellbeing and sustained positive outcomes in home and work life
• A toolkit of approaches to use to remember the 7 habits and use them effectively
• Time to reflect on personal and professional goals and values
• The opportunity to discuss problems and solutions with colleagues in small groups
• The opportunity to see several professionally produced videos which help to give a deeper understanding of the concepts.

Who should attend?
This course is for anyone who wants to build a more effective, healthier life for themselves and to be able to influence others to do the same.

Cost: Free
Apply for a place at www.healthyfife.net

Course length:
Three days

Dates:
September 17th, 18th & 25th 2015, Playfield Institute, Stratheden

November 19th, 20th and 27th 2015, Queen Margaret Hospital, Dunfermline

February 18th, 19th and 26th 2016, Playfield Institute, Stratheden

Facilitators:
Joleen McCool, Health Improvement Officer, NHS Fife

Marie Paterson, Organisation Development Lead, NHS Fife

Wendy Simpson, Playfield Institute Manager, NHS Fife

Sonia McCathie, Community Education Worker, Fife Council

Yvonne Telfer, Senior Health Promotion Officer, (Acute Division), NHS Fife

Amanda MacEwan, Community Education Worker, Fife Council
Understanding Health Literacy

**Aim:**
Health literacy is the degree to which individuals can obtain and understand information needed to make appropriate health decisions. This course aims to increase participants’ understanding of health literacy and its impact on health and wellbeing and to explore the available tools and resources that can support individuals with their health literacy.

**Learning outcomes:**
By the end of this course participants will have:

- An overall understanding of health literacy, its extent and the Scottish context
- An increased awareness of the signs of low health literacy and how to approach the issue with individuals and families
- The ability to recognise barriers for individuals obtaining health information
- Considered different techniques for communicating more effectively with individuals who may have difficulty understanding health information

**Who should attend?**
This course is particularly relevant to those working in health and social care settings who may be required to discuss health related issues with patients and service users.

**Course length:**
Half day (afternoon)

**Date:**
January 13th 2016, Cameron Hospital, Leven

**Facilitators:**
Louise Hutton, Senior Information and Resources Facilitator, NHS Fife

Laura Henderson, Senior Health Promotion Officer – Training, NHS Fife

This workshop can also be delivered in-house to suit the needs of your team, agency or service. Please contact fife-uhb.hitraining@nhs.net to discuss.
Using Asset Based Approaches to Improve Health and Wellbeing

**Aim:**
This course will provide an opportunity for participants to understand the principles, values and key themes of asset-based working. Participants will also practice using asset-based approaches such as asset mapping, co-production and appreciative inquiry, in practical sessions.

**Learning outcomes:**
By the end of this course participants will have:

- Awareness of the principles, values and key themes of asset working
- An understanding of the history and background of asset based approaches and their context in Scotland’s approach to reducing health inequalities
- Discussed some of the challenges to, and limitations of, asset based working
- Practiced asset based approaches in individual, paired and group sessions.

**Who should attend?**
Anyone interested in understanding and using asset based approaches in their work to improve health and reduce health inequalities.

**Course length:**
One day

**Date:**
March 23rd 2016, Cameron Hospital, Leven

**Facilitators:**
Laura Henderson, Senior Health Promotion Officer – Training, NHS Fife
Lisa Hemphill, Community Education Worker, Auchmuty Learning Centre

Great to do some practical work!
Welfare Reform: An Overview

Aim:
This course has been designed for staff who require an understanding of the changes to the welfare system and how they will affect people in Fife.

Learning outcomes:
By the end of this course participants will have:

- The ability to summarise the changes to the benefits system and identify which groups will be affected by welfare reform
- An overview of universal credit, changes to housing benefit, Personal Independence Payments and other changes to welfare benefits including up to date timetables for implementation
- Considered the impact of the changes to the welfare system on individuals and households
- Knowledge of the Scottish Welfare Fund and other local sources of support
- Increased awareness of the local services and agencies that participants can signpost and refer those affected by welfare benefit changes.

Who should attend?
Those from any organisation who wish to increase their understanding of welfare reform and the potential impact on their clients. Participants do not need an in-depth knowledge of current benefits and welfare related work to attend.

Cost: Free
Apply for a place at www.healthyfife.net

Course length:
One day

Date:
November 30th 2015,
Lynebank Hospital, Dunfermline

Facilitator:
Jill Walker, eLearning Manager,
Shelter Scotland
Healthy Young Lives

**Aim:**
To increase the knowledge and skills of youth work, social care and Community Learning & Development (CLD) staff in health promotion and to enhance understanding of how, within their own role and remit, they can improve health and address health inequalities for vulnerable young people with whom they work.

**Learning outcomes:**
By the end of this course participants will have:

- Identified the main factors which influence the health and wellbeing of vulnerable young people
- Knowledge of how their own practice impacts upon the health and wellbeing of young people
- Discussed the main approaches within health promotion which improve health & wellbeing of young people
- Identified which approaches can be adopted within their own practice to improve health for young people.

**Who should attend?**
Anyone who works with young people and who would like information and support around evidence-informed action to promote healthy behaviours, encourage healthy lifestyles and help address the physical, social and emotional factors which impact on the health and wellbeing of vulnerable young people. It is particularly relevant to those working in youth work, social care and CLD settings.

**Course length:**
Half day

**Dates:**
March 24th 2016 (morning), Cameron Hospital, Leven

**Facilitator:**
Lesley Pringle, Community Education Worker
Yvonne Kerr, Senior BBV and Sexual Health Improvement Officer, NHS Fife
Yvonne Wynia, Health Improvement Practitioner, NHS Fife

**Cost:** Free
Apply for a place at www.healthyfife.net
The Impact of Domestic Abuse on Children and Young People

Aim:
To increase awareness of children and young people’s experiences of domestic abuse and how this impacts on their lives. To develop an understanding of the prevalence and potential consequences of domestic abuse on children and young people.

Learning outcomes:
By the end of this course participants will have:

- An understanding of the difficulties and complexities facing children and young people experiencing domestic abuse (CYPEDA)
- An awareness of issues around disclosure of domestic abuse
- Knowledge of how to provide appropriate and effective support to CYPEDA
- An understanding of safety planning for children and families
- Identified a range of support services and other resources available locally and nationally.

Who should attend?
This course is for anyone who works with young people and their families, such as youth workers, nursery nurses, health visitors, school nurses, teaching and non-teaching staff, social workers, community workers and support workers from services such as mental health, addictions and family support.

Cost: Free
Apply for a place at www.healthyfife.net
The Impact of Homelessness on Health

Aim:
To raise the awareness of frontline staff about the impact of homelessness issues on health and to increase their knowledge of the services and support available.

Learning outcomes:
By the end of this course participants will have:

- An increased understanding of the issues around and impact of homelessness on health
- Explored the links between health and homelessness and client centred approaches to service delivery
- An increased knowledge of what different services provide, how to access them and how to encourage the development of local networks
- An increased knowledge and understanding of “Prevention First” and the development of prevention services in Fife.

Who should attend?
This course is for anyone who provides support in Fife to people experiencing homelessness. This could include all frontline staff working in housing services, the local office network, voluntary sector, homeless projects, social work, primary care, A&E, hospitals, mental health nurses and school nurses.

Course length:
One day

Date:
February 24th 2016, Cameron Hospital, Leven

Facilitators:
Louise Walkup, Homeless Customer Participation, Fife Council
Kevin Mackenzie, Addictions Service, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net
Improving Health for People with Learning Disabilities

Aim:
To increase participants’ knowledge and understanding of the health needs of people with learning disabilities and to explore the key role that staff have in supporting people with learning disabilities to make healthy lifestyle choices.

Learning outcomes:
By the end of this course participants will have:

- An increased awareness of health needs for people with learning disabilities
- Identified factors which influence health
- Explored the role that staff have in promoting healthy lifestyle choices for people with learning disabilities
- Identified support services for staff working in this area.

Who should attend?
Those from the public or voluntary sector and carers who are supporting people with learning disabilities and who can have a direct influence on the health and wellbeing of people with a learning disability.

Cost: Free
Apply for a place at www.healthyfife.net
Reducing the Impact of Fuel Poverty on Health

**Aim:**
The session will provide an insight into fuel poverty and the impact this has on people’s health. Participants will find out how to identify a household in fuel poverty and how to signpost them for further help on a national and local level.

**Learning outcomes:**
By the end of this course participants will have:

- An increased understanding of the link between fuel poverty and health
- Knowledge of the signs of fuel poverty
- Awareness of the national and local support for fuel poor households
- Confidence to refer service users to national and local agencies for further support.

**Who should attend?**
This course is for anyone working with households in Fife for example, NHS Fife, Fife Council, private care agencies and the voluntary sector. It is particularly relevant to those who work with groups more vulnerable to fuel poverty such as families with children under 16, older people, disabled, single occupancy households, pregnant women and households in rural areas.

**Cost:** Free
Apply for a place at www.healthyfife.net

---

**Course length:**
Half day (morning)

**Date:**
October 20th 2015, The Lomond Centre, Glenrothes

**Facilitators:**
Dagmara Opilka, Community Liaison Officer, Home Energy Scotland
Les Brown, Fuel Poverty Officer, Fife Council, Housing & Neighbourhood Services
Laura Robertson, Fuel Poverty Support Assistant, Fife Council, Housing & Neighbourhood Services

“Helped me have a better understanding of local services in Fife”
Where’s Dad?

Aim:
To enable participants to consider the implications of their practice on the role of fatherhood.

Learning outcomes:
By the end of this course participants will have:

• The ability to identify aspects of their practice they intend to change to be more father inclusive
• Improved value and understanding of the difference in males
• Developed an understanding of the messages men, boys and workers receive about parenthood and families
• Developed improved knowledge, skills and confidence to engage young male carers and carers successfully.

Who should attend?
All staff working with parents, families, children and young people.

Course length:
Half day

Dates:
November 24th 2015 (morning), Clued Up, Kirkcaldy
March 24th 2016 (afternoon), Playfield Institute, Stratheden

Facilitators:
Chris Miezitis,
Family Nurture Co-ordinator (Family Nuture Approach), Fife Council
Kevin Scott,
Development Worker, Clued Up

Young Gypsy Travellers Lives (YGTL) Project: Awareness Raising and Conflict Resolution Training

Aim:
To provide participants with the opportunity to work in partnership with members of the Scottish Gypsy Traveller community to identify, and begin to address, the key barriers to the lack of community engagement in support and service development and delivery.

This course is based on the premise that commitment from both Gypsy/Travellers and professionals and practitioners working with and for the community is key to developing relevant support and services.

Learning Outcomes:
By the end of this course participants will have:

• Increased awareness and understanding of the culture and traditions of Gypsy/Roma/Traveller peoples
• The ability to identify and address key barriers to Gypsies/Roma/Travellers participating in decision making processes
• Challenged existing knowledge and myths and increased their awareness of discrimination towards Gypsy/Roma/Travellers entrenched at all levels of society
• Explored adaptable tools for professional practice.

Who should attend?
Those from any organisation wishing to increase their understanding of the lives of Gypsy/Travellers in Scotland.

Cost: Free

Training Available from the Information and Resources Centre

The Health Promotion Information and Resources Centre (IRC) provide resources and materials to anyone working with the population in Fife on health improvement issues. We have a collection of over 3000 resources on a wide range of health promotion topics. Resources are available in various formats such as leaflets and posters, books and reports, teaching packs, games and models, DVDs, CDs and displays.

The following training and informal support is available to assist users to access IRC services:

- How to search and order health improvement resources, including accessing the online catalogue Shelcat
- How to plan and deliver a health event or campaign
- How to access reliable health improvement information.

This training can be offered on a one-to-one basis or can be tailored to meet the needs of particular groups. For more information, please contact the IRC on 01592 226494 or louisehutton@nhs.net
E-learning and Online Training Opportunities
NHS Health Scotland is a national Health Board working with public, private and third sectors to reduce health inequalities and improve health. The Learning and Workforce Development team have produced a suite of Health Behaviour Change eLearning modules which can be accessed through their virtual learning environment at http://elearning.healthscotland.com/

Health Behaviour Change Level 1
This is for anyone who wants to learn more about health behaviour change and who has (or thinks they could have) a role in improving health. Participants will gain the knowledge and confidence to use health behaviour change techniques to raise and briefly discuss lifestyle issues.

Health Behaviour Change Level 2
This is for anyone who works with clients to support lifestyle changes and requires knowledge beyond raising the issues. Participants will gain more in-depth knowledge and confidence in using health behaviour change techniques to discuss lifestyle issues and support change.

The following topic based e-learning modules are also available:
- Raising the Issue of Physical Activity
- Raising the Issue of Alcohol
- Raising the Issue of Child Healthy Weight
- Raising the Issue of Maternal and Infant Nutrition
- Raising the Issue of Smoking.

All modules are free of charge and suitable for everyone who has or thinks they could have a role to play in improving the health of the people they come into contact with at work. Simply register for an account and self-enrol in the modules. A personalised certificate is available upon successful completion of the learning.

Please visit http://elearning.healthscotland.com/course/index.php?categoryid=108 to access the modules (Internet Explorer 8 or newer is required).

Please contact NHS Health Scotland’s Learning and Workforce Development Team with any queries nhs.HealthScotland-LWDTeam@nhs.net
**Bridging the Gap** developed by NHS Education for Scotland draws on current evidence to outline some of the key features of health and social inequalities in Scotland. It considers practice issues and the vital role healthcare workers have to play in tackling Scotland’s inequalities gap.

http://www.bridgingthegap.scot.nhs.uk

**The Connected Baby** developed by Dr Suzanne Zeedyk is open to anyone working in Early Years and can be completed over a 28-day period. The course covers a basic account of the processes of brain development and why relationships are so important during the early years of life. Participants will also learn the role hormones play in creating emotional experiences, and, having completed the course, will be able to use this knowledge within their own role.

The course is free and takes between 1.5 and 2.5 hours to complete. Staff from the following teams are encouraged to sign up for this course: Family Nurture Approach, Family Support in Fife staff, Health Visitors, Early Years Development Officers, Early Years Principal Teachers and Educational Home Visitors.

Fife Council staff should apply using CLMS (Council Learning Management System).

Staff external to Fife Council should apply via:
www.FifeDirect.org.uk/DoItOnline/Requestit/FifeEarlyYearsPartnershipSupport

For course enquiries please contact April Mussen; email: april.mussen@fife.gov.uk
03451 555555 ext 442144

**Every Contact Counts** developed in association with NHS West Midlands is a web tool that will help people who work with the public get the knowledge, skills and confidence to have that “chat for change” – that short conversation that may just put someone on the first step to better health and wellbeing.

http://education.wm.hee.nhs.uk

**Gender Based Violence** has been developed by Fife Domestic and Sexual Abuse Partnership to raise awareness and understanding of gender based violence.

http://socialwork.fife.gov.uk (select “multiagency resources” to access the training module)

**Getting it Right for Every Child** provides training, guidance and information for professionals working with this national approach to supporting and working with all children and young people in Scotland.

http://socialwork.fife.gov.uk (select “multiagency resources” to access the training module).
3 – Priority Health Improvement Topics

Drug and Alcohol Awareness
Food, Physical Activity and Health
Infant Feeding
Mental Health
Oral Health
Sexual Health
Tobacco Issues
Workplace
Alcohol Brief Intervention with Young People

Aim:
To enable participants to increase their knowledge, skills and confidence in the brief intervention approaches required to raise the issue of alcohol with young people.

Learning outcomes:
By the end of this course participants will have:

• Considered when and how to proactively raise the issue of alcohol with young people
• The ability to deliver key components of brief interventions
• A toolkit of resources to use with young people
• Explored the concept of follow-up or referral with young people.

Who should attend?
This course is for anyone who is in a position to provide young people with information which will enable them to make informed decisions about the consumption of alcohol. This includes youth workers, school nurses, teaching and non-teaching staff, social workers and community workers.

Cost: Free
Apply for a place at www.healthyfife.net
Drug and Alcohol Awareness

**Aim:**
To raise awareness of drugs and alcohol and to increase participants’ knowledge of the issues surrounding these topics. This training can be tailored to suit the needs of the client group by involving different support agencies.

**Learning outcomes:**
By the end of this course participants will have:

- Information on drugs and alcohol
- Information on the roles of support agencies in Fife
- Developed competence in dealing with drug misuse.

**Who should attend?**
This course is open to all NHS, local authority and voluntary sector staff who work to help and support people with drug or alcohol issues.

**Course length:**
One day

**Dates:**
- September 9th 2015, The Bay Hotel, Kinghorn
- February 23rd 2016, The Bay Hotel, Kinghorn

**Facilitators:**
- Evelyn Wilson, Senior Health Promotion Officer – Training, NHS Fife
- Andy Gray, Addiction Services, NHS Fife
- Helen Hutton, Outreach Counselling Coordinator, Fife Alcohol Support Service
- Kenton Francis, Fife Intensive Rehabilitation and Substance Misuse Team
- Drug and Alcohol Project Limited.

**Cost:** Free
Apply for a place at www.healthyfife.net
Introduction to Alcohol Brief Intervention

**Aim:**
To provide participants with the basic knowledge and skills required to raise the issue of alcohol with clients and to explore methods of support.

**Learning outcomes:**
By the end of this course participants will have:

- Considered when and how to proactively raise the issue of alcohol with clients
- A toolkit of resources to use with clients.

**Who should attend?**
This training course is open to all NHS, local authority and voluntary sector staff who work to help and support people to explore alcohol-related issues promoting behaviour change either in a one-to-one or group setting. This course would also be relevant for those actively involved in Keep Well.

---

**Course length:**
Half day (morning)

**Dates:**
October 6th 2015, Cameron Hospital, Leven
March 9th 2016, Lynebank Hospital, Dunfermline

**Facilitators:**
Evelyn Wilson, Senior Health Promotion Officer – Training, NHS Fife
Helen Hutton, Outreach Counselling Coordinator, Fife Alcohol Support Service

Eat Well, Be Active, Feel Good!

Encouraging Healthy Eating and Physical Activity with Adults

Aim:
To provide participants with the knowledge of and access to, resources that encourage adults to adopt healthier lifestyles through healthy eating and physical activity.

Learning outcomes:
By the end of this course participants will have:

- Familiarity with the new guidelines for promoting physical activity and reducing sedentary behaviour
- An understanding of the key messages for healthy eating and physical activity in adults
- An understanding of the risk factors associated with poor diet and physical inactivity
- Awareness of the importance of behaviour change in adopting healthier lifestyles
- Awareness of the sensitive issues surrounding poor diet and inactivity and how to raise them
- Increased knowledge of available resources and techniques that encourage healthy eating and physical activity
- Increased confidence to support others to adopt healthier lifestyles through healthy eating and physical activity.

Who should attend?
This course is for anyone who is in a position to provide adults with the support to improve their lifestyles through healthy eating and physical activity.

Course length:
One day

Date:
November 17th 2015, Lochore Meadows Country Park, Lochgelly

Facilitators:
Lyndsay Clark,
Senior Health Promotion Officer
- Food & Health, NHS Fife

Fiona Dale,
Physical Activity Co-ordinator,
Fife Council

Vicki Bennett,
Health Promotion Dietitian,
NHS Fife

Tool box and resources are excellent, trainers were very knowledgeable, approachable and friendly.

Cost: Free

Elementary Food and Health

The Royal Environmental Health Institute of Scotland (REHIS) Level 1 Course

**Aim:**
This basic level course gives an appreciation and understanding of food and nutrition and their effects on health.

**Please note: this is not Elementary Food Hygiene**

**Learning outcomes:**
By the end of the course participants will have:

- An increased knowledge of basic nutrition and health
- An understanding of the function of food in the diet in relation to health
- Acquired a knowledge of food and health to help improve/influence the diet and health of the people that they work with.
- On successful completion of a short multiple choice assessment participants will receive the REHIS Elementary Food and Health Certificate.

**Who should attend?**
Those working directly and indirectly with food, including healthcare staff, staff in the hospitality industry, leisure industry, education and community co-operatives and cafes.

**Course length:**
One day

**Dates:**
November 5th 2015, The Bay Hotel, Kinghorn

Apply for a place at www.healthyfife.net
Girls and Young Women, Physical Activity and Self Esteem

Aim:
To enable participants to support girls and young women, particularly those with low self-confidence and poor self esteem to be more physically active.

Learning outcomes:
By the end of this course participants will have:

• Explored what is meant by “self esteem” and identified some of the factors which impact upon it
• Identified and recognised the links between low mood, low self esteem and physical activity in girls and young women
• Identified ways in which they may be able to support teenage girls to be more active by addressing barriers
• Recognised their own role in supporting behaviour change in their contact with girls and young women
• Shared ideas and identified strategies for supporting increased and sustained levels of physical activity.

Who should attend?
This course is for anyone in a position to provide direct support to girls and young women who are inactive to become more active for their health and wellbeing. For example, education staff, support workers, youth workers, community health care staff, social care workers and volunteers.

Course length:
One day

Date:
November 10th 2015,
Lochore Meadows Country Park,
Lochgelly

Facilitators:
Moira Fitzpatrick,
Active Schools Co-Ordinator,
Fife Council

Casey Fitzpatrick,
Active Schools Co-Ordinator,
Fife Council

Cost: Free
Apply for a place at www.healthyfife.net
play@home Training

Aim:
To raise awareness of promoting physical activity to agencies working with families and children under 5 years.

Learning outcomes:
By the end of this course participants will have:

- An increased awareness of the need to promote physical activity
- Gained an understanding of the play@home toolkit
- Had the opportunity to deliver and/or take part in practice sessions from the handbook
- Explored how they can apply the toolkit in their own setting
- An awareness of additional resources and their availability
- The confidence to deliver training to other groups.

Who should attend?
Anyone working with children under 5 in health, local authority or voluntary sectors and who has experience in childcare, early education, physical activity and health promotion.

This course can be delivered in-house for groups of 8 or more at a time or place that suits the group. For more information, please contact Laura Petrie on 01592 226404 or laura.petrie@nhs.net

Cost: Free
Apply for a place at www.healthyfife.net

Course length:
2½ hours (afternoon)

Dates:
November 2nd 2015, Cameron Hospital, Leven
February 15th 2016, Cameron Hospital, Leven

Facilitator:
Laura Petrie,
Physical Activity Coordinator - Early Years & Childhood, NHS Fife

The facilitator’s knowledge and passion was key to my enjoyment and understanding.
Physical Activity and Long Term Conditions – Fife Sports & Leisure Trust (FSLT) Health Programmes

Aim:
To raise awareness of the importance of physical activity for clients living with a long term condition and of the health classes and programmes available through FSLT that they can be referred into.

Learning outcomes:
By the end of this course participants will have:

• Knowledge of physical activity guidelines and the risks of inactivity
• Knowledge of the importance of physical activity for clients living with a long term condition
• Awareness of the health and inequality programmes available through FSLT that can support those living with a long term condition to become more active.
• Knowledge of how to refer into these programmes.

For more information on the health programmes available through FSLT, please visit http://www.fifeleisure.org.uk/index.cfm/health-and-wellbeing/

Who should attend?
Those from NHS Fife, local authority or voluntary sector who work with clients who have a long term condition and would benefit from being physically active.

Cost: Free

Apply for a place at www.healthyfife.net
Seated Exercise for the Frail Older Adult

Aim:
This course will enable participants to conduct a seated exercise programme for the frailer older adult safely within a supervised location, for example wards, day centres or care homes.

Learning outcomes:
By the end of this course participants will have:

- The ability to identify recommendations for exercise for the frailer older adult
- The ability to recognise the benefits of physical activity and chair based exercise for the frailer older adult
- The ability to identify the changes associated with ageing and its related medical conditions
- The ability to demonstrate a physical activity session with a range of safe and effective exercises for the frailer older adult.

Who should attend?
This course is for health and social care workers responsible for promoting physical activity for the frailer older adult. It is recommended that participants are already working in an environment with frailer older adults for example wards, day centres or care homes.

Cost: £35. This course is accredited by Fife College and provides 4 credit points at SCQF Level 5.

Course length:
Three days

Dates:
September 17th, 18th & 25th 2015, Lochgelly Centre, Lochgelly

Facilitators:
Sheila Lathangie, Cardiac Rehab Instructor/Exercise Referral Instructor, Fife Sport & Leisure Trust
Moira Bell, Senior Physiotherapist, NHS Fife

Excellent training, very well presented and helpful for my job role
Volunteer Walk Leader Training

Aim:
To provide participants with the practical skills and knowledge necessary for them to lead health walks safely and effectively.

Learning outcomes:
By the end of this course participants will have:

- Knowledge of the main benefits of regular walking and the barriers to physical activity
- An understanding of the recommended amount and type of physical activity for health benefits
- An understanding of the roles and responsibilities of a walk leader
- A practical understanding of the purpose and components of a health walk
- The skills to recognise potential hazards on a health walk
- Experienced a demonstration health walk.

Who should attend?
Voluntary groups, health visitors, community groups and anyone with an interest in physical activity.

Cost: Free
Apply for a place at www.healthyfife.net
Other Sources of Physical Activity Training

**Active Fife** delivers a wide range of courses including coach education for specific sports as well as TOPS, playground games and general physical activity and sport. The Active Fife Team includes Active Schools, Sports Development, Outdoor Education and Physical Activity. Please note, courses and training fees may vary.

For further information about these courses please email physicalactivity.enquiries@fife.gov.uk or go to www.fifedirect.org.uk/activefife or contact Active Fife on 01383 602393.

The physical activity team can also provide flexible training for 8 or more participants to the meet the needs of specific workforces. For further information and discussion please email physicalactivity.enquiries@fife.gov.uk

**Fife Sports & Leisure Trust (FSLT), Health & Physical Activity Team** can deliver a talk or presentation to your service or team raising awareness of the importance of physical activity when living with a long term condition and how you can refer to a health class, delivered by highly skilled instructors at FSLT and community venues.

For further details contact Jacquie Stringer, Health & Physical Activity Manager, email Jacquie.Stringer@fifeleisure.org.uk or visit FSLT website http://www.fifeleisure.org.uk/index.cfm/health-and-wellbeing
Breastfeeding Management: Primary Course

Aim:
To enable participants to encourage responsive and loving mother/baby and family relationships whatever the chosen method of feeding.

To equip public health nursing teams (and other community workers) to support mothers to breastfeed for as long as they want.

Learning outcomes:
The following modules are available as part of this course:

- Why breastfeeding matters
- Becoming a mother – decisions about infant feeding
- Milk and mothering – how breastfeeding works
- The first relationship – communication and brain development
- Supporting confident and effective feeding
- Challenges and solutions
- Partnership working
- The Baby Friendly Initiative standards.

Who should attend?
All NHS Fife primary care staff who support pregnant and breastfeeding women as part of their role should attend modules appropriate to their role within 6 months of taking up post.

Some or all of the modules may be useful to staff from NHS Fife Operational Division, Fife Council and voluntary sector organisations.

Cost: Free
Apply for a place at www.healthyfife.net
Breastfeeding Management: Update Course

**Aim:**
To review and practice the clinical skills necessary to support women in establishing and maintaining breastfeeding.

To provide an opportunity to identify and discuss current issues in breastfeeding and progress towards achieving BFI standards.

**Learning outcomes:**
By the end of this course participants will have:

- The ability to recognise optimal positioning and correct attachment and the ability to teach mothers the skills necessary for them to achieve these for themselves
- The ability to assess breastfeeding and develop a plan of care for women experiencing difficulties
- An understanding of current issues in breastfeeding
- An awareness of Baby Friendly Initiative best practice standards.

**Who should attend?**
All staff with a responsibility to encourage and support breastfeeding including health visitors/public health nurses and community support staff who have previously completed Breastfeeding Management: Primary Course.

An update should be attended in every training year (Apr-Mar).

**Course length:**
Half day

**Dates:**
- September 15th 2015 (afternoon), Lynebank Hospital, Dunfermline
- October 12th 2015 (morning), Cameron Hospital, Leven
- November 9th 2015 (morning), Lynebank Hospital, Dunfermline
- December 1st 2014 (afternoon), Stratheden Hospital, Cupar
- January 15th 2016 (morning), Cameron Hospital, Leven
- January 29th 2016 (morning), Lynebank Hospital, Dunfermline
- February 3rd 2016 (morning), Cameron Hospital, Leven
- February 29th 2016 (morning), Lynebank Hospital, Dunfermline
- March 17th 2016 (afternoon), Stratheden Hospital, Cupar

**Facilitators:**
- Gina Graham, Breastfeeding Support Co-ordinator, NHS Fife
- Anne Gibson, Primary Care Lead Dietitian, NHS Fife

**Cost:** Free
Apply for a place at www.healthyfife.net
Infant Formula Feeding

Aim:
To ensure participants have evidence based, unbiased information about infant formula milk and its appropriate use in infant nutrition.

Learning outcomes:
By the end of this course participants will have:

- An awareness of the key constituents of and recent changes to, the composition of infant formula milks
- Familiarity with current recommendations for the safe preparation and storage of infant formula
- Familiarity with Baby Friendly Initiative best practice standards for mothers who choose to formula feed their infant.

Who should attend?
All those who have contact with pregnant women/new mothers and families and who discuss infant feeding as part of their role. For example, public health team staff, maternity services staff, local authority staff such as early years workers, nursery staff and voluntary sector staff.

Cost: Free
Apply for a place at www.healthyfife.net

Course length:
Half day (morning)

Dates:
September 29th 2015, Cameron Hospital, Leven
March 10th 2016, Lynebank Hospital, Dunfermline

Facilitator:
Gina Graham, Breastfeeding Support Co-ordinator, NHS Fife
Introduction to Complementary Feeding: Weaning

Aim:
To equip participants with evidenced based knowledge about the appropriate introduction of complementary foods (weaning) as part of a healthy diet.

Learning outcomes:
By the end of this course participants will have:

• Familiarity with current recommendations and the supporting evidence for introducing weaning foods
• Familiarity with the Healthy Start Scheme and recommendations for/availability of Healthy Start vitamins
• Awareness of opportunities and examples of good practice in facilitating weaning sessions for parents.

Who should attend?
All those who have contact with pregnant women/new mothers and families and who discuss infant feeding/weaning as part of their role. For example, public health team staff, maternity services staff, local authority staff such as early years workers, nursery staff and voluntary sector staff.

Course length:
Half day

Dates:
November 10th 2015 (afternoon), Cameron Hospital, Leven
February 19th 2016 (morning), Lynebank Hospital, Dunfermline

Facilitator:
Anne Gibson, Primary Care Lead Dietitian, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net

“This training has really enhanced my skills and knowledge within my role.”
Introduction to Maternal and Infant Nutrition

Aim:
To ensure participants are familiar with current maternal and infant nutrition guidelines and the evidence that supports them.

Learning outcomes:
By the end of this course participants will be aware of current recommendations and guidelines for maternal and infant nutrition, including:

- The importance of early nutrition for health
- Breastfeeding
- The safe preparation and storage of infant formula
- The appropriate introduction of complementary foods (weaning)
- The Healthy Start scheme and Healthy Start Vitamins.

Who should attend?
All members of staff who work with pregnant women and young families and who provide information/support related to healthy nutrition.

This will include members of public health nursing teams who do not require more detailed knowledge on supporting breastfeeding, local authority staff e.g. early years workers, staff from nurseries and voluntary organisations.

Cost: Free
Apply for a place at www.healthyfife.net
ASIST (Applied Suicide Intervention Skills Training)

**Aim:**
To enable people working and living in Fife to recognise invitations for help and to intervene to prevent the immediate risk of suicide and thereby reduce suicide rates in the longer term.

**Learning outcomes:**
By the end of this course participants will have:

- The ability to recognise invitations for help
- Learned how to reach out and offer support
- The ability to review the risk of suicide
- The ability to apply a suicide intervention model
- The ability to link people with community resources.

**Who should attend?**
This is an important course for anyone working in frontline services, where suicide prevention and risk assessment skills are required.

**Course length:**
Two days

**Dates:**
October 27th & 28th 2015, The Bay Hotel, Kinghorn
January 20th & 21st 2016, Cameron Hospital, Leven
March 22nd & 23rd 2016, Cameron Hospital, Leven

**Facilitators:**
Derek Magee, Contact Point Organiser, Barony Housing Association
Wendy Nicoll, National Trainer, NHS Health Scotland

Cost: Free
Apply for a place at www.healthyfife.net
Building Self Esteem in Boys and Young Men

**Course length:**
Two days

**Dates:**
November 3rd & 4th 2015, Fife Voluntary Action, Glenrothes
February 2nd & 3rd 2016, Playfield Institute, Stratheden

**Facilitators:**
Chris Miezitis, Family Nurture Co-Ordinator (Family Nurture Approach), Fife Council
Kevin Scott, Development Worker, Clued Up
Catherine Murphy, Clinical Nurse Specialist, CAMHS, NHS Fife
Dougie Harper, Community Nurse Therapist, CAMHS, NHS Fife

**Aim:**
To enable participants to consider the implications of self esteem in the lives of boys and young men.

**Learning outcomes:**
By the end of this course participants will have:

- Examined what is meant by self esteem and emotional resourcefulness
- Developed an understanding of the inner and outer world of boys and young men
- Identified practical strategies to support emotional resourcefulness and self esteem
- Identified how workers can model positive behaviours and attitudes.

**Who should attend?**
All staff working to support boys and young men on a one-to-one or group basis.

**Cost:** Free
Apply for a place at www.healthyfife.net
safeTALK

Aim:
To enable participants to recognise and engage people who might be having thoughts of suicide and to connect them with community resources trained in suicide intervention.

Learning outcomes:
By the end of this course participants will have:

• Awareness that people at risk of suicide are often not given help due to cultural myths and misinformation
• The ability to recognise when a person might be having thoughts of suicide
• The skills to be able to engage that person in direct and open talk about suicide
• The ability to move quickly to connect them with someone trained in suicide intervention who can review the risk and develop a plan to reduce the risk of harm or death.

Who should attend?
safeTALK is designed to be an introductory course for anyone interested in learning to be suicide aware.

Course length:
3 hours (afternoon)

Dates:
September 29th 2015, Cameron Hospital, Leven
November 25th 2015, Lynebank Hospital, Dunfermline
February 11th 2016, Cameron Hospital, Leven

Facilitator:
Derek Magee, Contact Point Organiser, Barony Housing Association

Cost: Free
Apply for a place at www.healthyfife.net
Scotland’s Mental Health First Aid

**Aim:**
To raise awareness of mental health and wellbeing issues and to provide participants with basic crisis first aid skills training.

**Learning outcomes:**
By the end of this course participants will have:

- An increased knowledge about mental health issues in Scotland
- Increased their skills and confidence in recognising the signs of mental health problems or suicidal thoughts
- The ability to provide initial help and guidance towards appropriate professional help
- Explored issues around recovery.
- This course includes sessions on attitudes, recovery, alcohol and drugs, suicide, listening skills, self harm, depression, anxiety and psychosis.

**Who should attend?**
This course would suit anyone who is interested in developing their knowledge and skills in supporting someone with a mental health problem or suicidal thoughts.

**Course length:**
Two days

**Dates:**
September 15th & 16th 2015, The Bay Hotel, Kinghorn
November 11th & 12th 2015, The Vine Venue, Dunfermline
January 27th & 28th 2016, The Bay Hotel, Kinghorn
March 14th & 15th 2016, Fife Voluntary Action, Glenrothes

**Facilitators:**
Charlotte MacIntosh, Sessional Worker, NHS Fife
Helen Hutton, Outreach Counselling Coordinator, Fife Alcohol Support Service
Sarah White, Alcohol Counsellor, Fife Alcohol Support Service
Carolyn Walker, Public Health Practitioner, NHS Fife
Susan Cotton, Health Improvement Practitioner, NHS Fife

Apply for a place at www.healthyfife.net
Scotland’s Mental Health First Aid: Young People

**Aim:**
To show how mental health first aid can be applied, in both crisis and non-crisis situations, to a range of common mental health problems that may face people aged 11 to 17 years.

**Learning outcomes:**
By the end of this course participants will have:

- The ability to recognise the signs of mental health problems or distress
- Increased their skills and confidence to ask about mental distress
- The ability to provide initial support
- Knowledge of how to guide a person towards appropriate professional help.
- This course includes content on: depression, anxiety, suicide, self harm, eating disorders, alcohol and drugs and cyber bullying.

**Who should attend?**
This course is aimed at adults, including parents/carers, teachers, youth workers, sports coaches, social workers or others who are working or living with young people aged between 11 and 17 years old.

**Please note:** This course uses a blended learning approach which includes two e-learning modules and a participatory session. The first e-learning component will take approximately 3 hours and must be completed 2 weeks prior to the participatory session. The participatory session will involve 1 full day's training.

The second e-learning component will take approximately 4 hours. At the end of this there is a reflective writing exercise of not less than 500 words which must be submitted within 4 weeks. CPD certificates will only be awarded to those candidates who complete all three parts.

**Cost:** Free
Apply for a place at www.healthyfife.net
Understanding Self Harm

**Aim:**
This course aims to demystify and clarify the processes underlying self harm and empower workers to respond in a thoughtful and helpful way.

**Learning outcomes:**
By the end of this course participants will have:

- Shared and discussed professional and personal dilemmas
- Viewed self harm in a broader context
- Identified life events underlying self harm
- Furthered their understanding of ‘how it works’ for people
- Shared and promoted ideas on helpful and unhelpful responses to self harm.

**Who should attend?**
This course is relevant to anyone who may come into contact with people who self harm.

"Enjoyable day - much knowledge gained"
Working with Young Women on Self Esteem

Aim:
To help participants understand the impact that self esteem has on young women’s ability to make positive choices in their lives and to develop fun yet practical ways of working with young women.

Learning outcomes:
By the end of this course participants will have:
- Explored concepts of self esteem for us and the girls/young women we work with
- Considered how our own self esteem affects our work with young women
- Explored what damages and builds self esteem
- Explored behaviour that may arise from different self esteem levels
- The course provides a practical ‘toolkit’ for working with young women and is experiential in nature.

Who should attend?
This course is relevant to anyone who works to support girls and young women on a one-to-one or group basis.

Cost: Free
Apply for a place at www.healthyfife.net

Course length:
Two days

Dates:
December 9th & 10th 2015, The Bay Hotel, Kinghorn
February 24th & 25th 2016, Lynebank Hospital, Dunfermline

Facilitator:
Yvonne Wynia, Health Improvement Practitioner, NHS Fife
WRAP: The Wellness Recovery Action Plan

Aim:
This awareness session will discuss the origins of WRAP (The Wellness Recovery Action Plan), looking at the values and ethics, the key concepts, the wellness toolbox and WRAP.

Learning outcomes:
By the end of this course participants will have:

- An awareness and an understanding of the key components and ethos behind recovery and WRAP programmes
- Knowledge of how the WRAP tool can support wellness and recovery orientated practice within organisations and communities
- The ability to consider whether WRAP as a self management tool might be something that could enhance their own quality of life.

Who should attend?
The course is open to anyone who is interested in the learning about more wellness and how it can benefit people personally. It is also ideal as a wellness tool for staff and anyone who is interested in incorporating wellness into the workplace.

Cost: Free
Apply for a place at www.healthyfife.net
Mouth Matters: Oral Health Awareness

Aim:
To introduce and explore key oral health messages and enable participants to appreciate the importance of good oral health in relation to overall health and wellbeing.

Learning outcomes:
By the end of this course participants will have:

• An understanding of the key oral health messages
• Increased awareness of the importance of oral health and how it affects an individual’s overall health and wellbeing
• An insight into oral cancer and its prevalence in Fife
• An increased awareness of risk factors, signs and symptoms of oral cancer
• An overview of connected partnership agencies available in Fife.

Who should attend?
This course is for anyone who is in a position to provide young people or the adult population with information which will enable them to make informed decisions about their own or their family’s oral health, such as school nurses, youth workers, carers or community workers.

Course length:
Half day (morning)

Date:
November 19th 2015,
Glenwood Dental Centre,
Glenrothes

Facilitators:
Alison Ramsay, Oral Health Promoter, NHS Fife
Sharon Carruthers, Oral Health Principal, NHS Fife

Cost: Free

Oral Health for People with Physical and Learning Disabilities

**Aim:**
To increase the knowledge and understanding of the oral health needs of people with disabilities and to explore the key roles that staff have to maintain good oral health.

**Learning outcomes:**
By the end of this course participants will have:

- The ability to recognise the importance of oral health to general health and wellbeing
- Explored the role that carers have in prevention of dental disease
- The ability to manage specific complications and identify oral hygiene methods.

**Who should attend?**
Those from the public or voluntary sectors and carers who are supporting people with physical or learning disabilities and who can have a direct influence on the oral health of people within their care.

**Course length:**
Half day (morning)

**Date:**
September 11th 2015, Cameron Hospital, Leven

**Facilitators:**
Jonathan Kallow, Specialist Dentist in Special Care, NHS Fife
Sharon Carruthers, Oral Health Principal, NHS Fife

“Thoroughly enjoyed the training morning. Well facilitated.”

**Cost:** Free

Are You Ready? - Supporting Young People to Delay Early Sexual Activity

Aim:
To explore the issue of early sexual activity (under the age of 16) and the reasons why young people have early sex. To consider the strategies which can empower young people to make positive decisions for themselves.

Learning outcomes:
At the end of this course participants will have:

- An awareness of the causes and effects of engaging in early sex
- An understanding of the ‘Are You Ready?’ approach
- Explored a range of practical ways of working with young people to help them to make positive and healthy decisions for themselves
- Have access to the ‘Are You Ready?’ – 10 Strategies Toolbox
- Considered the concept of ‘readiness’ for young people and knowledge of a decision making resource they can use to assess this.

Who should attend?
This course is for anyone who works with 10-15 year olds who are vulnerable to becoming sexually active whilst not being ready, such as youth workers, school nurses, sexual health nurses, hub nurses, teaching and non teaching staff, social workers, community workers and volunteers.

Cost: Free

Introduction to Lesbian, Gay, Bisexual and Transgender (LGBT) Issues

Aim:
The aim of the course is to increase participants’ knowledge and understanding of lesbian, gay, bisexual and transgender (LGBT) issues and to explore effective means of supporting and including LGBT people within working practices.

Learning outcomes:
By the end of this course participants will have:

- An increased knowledge and understanding of issues facing LGBT communities
- An increased competence and confidence to address LGBT issues within their workplace and working practice
- Identified sources of support and information for workers and clients
- An increased awareness of their own values and attitudes
- A better understanding of LGBT legislation.

Who should attend?
People working with a wide range of client groups who would like to improve their general awareness and understanding of LGBT issues. Those who have little or no prior experience of addressing LGBT issues within their work and would like to gain more knowledge and skills in this area. Those wanting an introduction to exploring effective practice in relation to LGBT issues.

Cost: Free
Apply for a place at www.healthyfife.net
Introduction to Sexual Health and the Law

Aim:
To raise awareness of what the law says in relation to sexual behaviour and increase staff’s confidence and ability to manage issues relating to sexual activity and the law.

Learning outcomes:
By the end of this course participants will have:

• Determined the main laws and guidance in Scotland that apply to sexual activity and young people
• An awareness of their professional responsibilities
• An awareness of young people’s rights
• An awareness of what the law in Scotland says in regards to issues such as:
  * Consent
  * Position of trust
  * Rape and sexual assault
  * Public decency
  * Domestic abuse
  * Pornography
  * Confidentiality
  * Child protection
• An awareness of further resources and support.

Who should attend?
This course will be of interest to anyone supporting or working with young people. It may be of particular interest to those supporting more vulnerable and hard to reach young people, such as looked after and accommodated young people, young people with additional support needs.

Cost: Free
Apply for a place at www.healthyfife.net

Course length:
One day

Date:
December 3rd 2015,
Lynebank Hospital, Dunfermline

Facilitator:
Yvonne Kerr,
Senior BBV and Sexual Health Improvement Officer,
NHS Fife
Introduction to Technology, Sex and the Media

Aim:
To raise awareness of the impact of technology on young people’s sexual behaviour and increase staff’s confidence and ability to counteract any potential negative impacts of technology.

Learning outcomes:
By the end of this course participants will have:

- Explored the technologies available to young people and how these might impact on sexual behaviour
- An awareness of popular technologies, including Apps and social networking services (Facebook, twitter etc)
- Considered the potential risks that these technologies present to young people
- Explored what staff can do to counteract the negative influences of technology
- Considered the law in relation to sexual behaviour and technology
- An awareness of further resources and support.

Who should attend?
This course will be of interest to anyone supporting or working with young people and/or young adults. It may be of particular interest to those supporting more vulnerable and hard to reach young people, such as looked after and accommodated young people, young people with additional support needs. It will also be of interest to those who support and work with parents and carers (as a means of increasing their knowledge and understanding).

Cost: Free
Apply for a place at www.healthyfife.net
LGBT Awareness for People with Learning Disabilities

Aim:
To increase awareness of lesbian, gay, bisexual and transgender (LGBT) issues, including the additional challenges faced by LGBT adults with learning disabilities. To consider the impact on individuals of different approaches to supporting the exploration and expression of LGBT identities.

Learning outcomes:
By the end of the course participants will have:

• Increased awareness of their own attitudes towards supporting adults with learning disabilities to explore or express LGBT identities
• Increased awareness of the barriers to adults with learning disabilities discussing LGBT identities and issues
• Considered some strategies to help reduce barriers faced by people with learning disabilities who are LGBT or would like to explore this possibility
• Knowledge of relevant information resources and referral options.

Who should attend?
People who currently support people with learning disabilities and who would like to increase their confidence in discussing and supporting people to explore LGBT issues. People with little or no prior experience in supporting people with LGBT issues within their work. People seeking an introduction to LGBT issues within the context of support and services for adults with learning disabilities.

Course length:
Half day (afternoon)

Date:
January 12th 2016, Lynebank Hospital, Dunfermline

Making Choices Keeping Safe: Relationships and Sexual Wellbeing for People with Learning Disabilities

Aims:
This course will increase participants’ knowledge and understanding of the needs of people with learning disabilities regarding relationships and sexual wellbeing. It will also enable participants’ to increase their confidence in supporting people with learning disabilities in the area of relationships and sexual wellbeing.

Learning outcomes:
By the end of this course participants will have:

- Increased knowledge of Fife’s Relationship & Sexual Wellbeing Best Practice Guidance
- Had the opportunity to explore values and attitudes in relation to relationships and sexual wellbeing for people with learning disabilities
- Increased skills and confidence needed to support people with learning disabilities in this area
- Increased awareness of the legal position regarding sexual health for people with learning disabilities
- Identified sources of support, information and resources for people with learning disabilities and staff.

Who should attend?
Those working with young people and adults with learning disabilities who wish to increase their knowledge and confidence when supporting people with relationships and sexual wellbeing, both frontline staff and management.

Cost: Free
Apply for a place at www.healthyfife.net
Risking It: Young People and Risk Taking Behaviour

Aim:
No one health topic or issue exists in isolation and research tells us that where young people take a risk in one area of their life, they are more likely to take risks in others. This one day course aims to raise awareness of these links and will look at the underlying causes of risk taking behaviour. It will also provide an opportunity for staff to reflect on how they can best support young people in this area.

Learning outcomes:
At the end of this course participants will have:

• Increased awareness of a range of risks affecting young people
• Explored the potential underlying causes of risk-taking behaviour, including health inequalities
• Examined in some detail the potential impact of social media in relation to risks that a young person may take
• Had the opportunity to reflect on their role with the young people they work with in relation to this topic, and how some of these issues raised can begin to be addressed within their work setting.

Who should attend?
This course is designed for those who work and support young people, either directly or indirectly. It is of particular relevance to those who support young people in making informed choices regarding behaviours relating to their health, such as sexual health, alcohol and tobacco but also those who work with young people in a more general way, e.g. in areas such as resilience and building self-esteem.

Course length:
One day

Dates:
November 25th 2015, Cameron Hospital, Leven
February 3rd 2016, Lynebank Hospital, Dunfermline

Facilitators:
Yvonne Kerr, Senior BBV and Sexual Health Improvement Officer, NHS Fife
Tricia Ryan, Training and Development Officer, Fife Council

Cost: Free

December 3rd 2015 (afternoon), Adamson Hospital, Cupar

Facilitators:
Kay Samson, Tobacco Co-ordinator, NHS Fife
Ian Bease, Community Safety Lead Officer, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net
NRT and more…

Aim:
To increase participants’ knowledge of the role nicotine replacement therapy (NRT) and other pharmacological therapies can play in supporting smokers to quit.

Learning outcomes:
By the end of this course participants will have:

- An increased understanding of nicotine addiction and the role of pharmacological therapies in managing withdrawal symptoms
- An increased knowledge of the range of products available and the safe use of these products
- An increased knowledge of access routes to pharmacological therapies.

Who should attend?
This workshop is suitable for any worker who comes into contact with smokers within their post who has the opportunity to discuss with them, the role of NRT/pharmacological products as a useful tool to support a quit attempt.

Cost: Free
Apply for a place at www.healthyfife.net
Raising the Issue of Second Hand Smoke and ‘The Protection of Children’

Aim:
To equip participants with the knowledge and skills to actively support parents/carers to reduce children’s exposure to second hand tobacco smoke.

Learning outcomes:
By the end of this course participants will have:

• Gained knowledge and awareness of the National Second Hand Smoke Campaign
• An increased knowledge in how to define second hand smoke and understand its effects on children’s health
• The ability to explore common beliefs around second hand smoke exposure
• The skills to discuss the benefits of having a smoke free home and car
• Learned how to assess the occurrence of children’s exposure to second hand smoke
• The ability to explore hints and tips on creating a smoke free home and car.

Who should attend?
This course is for anyone who is in a position to support parents/carers to reduce children’s exposure to second hand smoke such as health visitors, midwives, nursery staff, school nurses, early years/family support workers, social workers and youth workers.

Course length:
Half day

Dates:
November 3rd 2015 (morning), The Bay Hotel, Kinghorn

Facilitators:
Fiona Lockett, Tobacco Prevention Officer, NHS Fife
Kay Samson, Tobacco Co-ordinator, NHS Fife

Cost: Free
Apply for a place at www.healthyfife.net

'Best informative training I have been on and I will take a lot of knowledge back with me'
Raising the Issue of Smoking: Brief Advice

**Aim:**
To enable course participants to raise the issue of smoking with clients and refer on to a local stop smoking service as appropriate.

**Learning outcomes:**
By the end of this course participants will have:

- Explored the health benefits offered by stopping smoking
- An understanding of the purpose and benefits of brief advice in relation to smoking
- An understanding of the process for delivering brief advice
- Examined the importance and relevance of their role in helping people to stop smoking
- Increased confidence in raising the issue of smoking with individuals.

**Who should attend?**
Prospective participants include anyone who is able to raise the issue of smoking with individuals. This includes a range of staff including health professionals and support staff from secondary, primary care services, youth workers, school nurses, teaching and non teaching staff, social workers and community workers.

Please note: This course uses a blended learning approach which includes an e-learning module and a participatory session. The e-learning component will take between 1 and 2 hours. It does not need to be completed in one go, but should be completed within 4 weeks prior to the date of the participatory session. A personal email address is required.

**Cost:** Free
Apply for a place at www.healthyfife.net
Smoking and Cannabis: Methods and Approaches

Aim:
To provide participants with the knowledge and skills to enable more effective engagement with tobacco and cannabis users.

Learning outcomes:
By the end of this course participants will have:

• Gained an understanding of tobacco and cannabis use
• An increased knowledge of the types of cannabis and the variation in strength and quality
• Learned about the short and long term effects of cannabis use
• Gained an understanding of cannabis risks and how to address them
• Knowledge of how to implement harm reduction strategies with users
• More confidence in discussing smoking and cannabis with users.

Who should attend?
Stop smoking advisors, drug workers, teachers and social workers encounter cannabis use more frequently than any other controlled drug. Despite this many workers feel under confident when addressing cannabis use. Some workers may not feel that cannabis use is an issue, while other may believe that there is little scope for education, harm reduction or addressing dependency. This course is to help workers gain knowledge and confidence in working with smoking and cannabis users. In the current economic climate debt advisors will benefit from this course.

Course length:
One day

Date:
December 1st 2015, The Bay Hotel, Kinghorn

Facilitator:
Nylivet Consultancy, Freelance Trainer

Cost: Free
Apply for a place at www.healthyfife.net
Young People and Tobacco Issues

Aim:
To support those who work with young people to raise the issue of tobacco use, using a range of methods, resources and approaches.

Learning outcomes:
By the end of this course participants will have:

• Learned about smoking trends and young people
• An awareness of the differences between adult and adolescent smokers
• An insight into why young people start smoking and what issues may affect them stopping smoking
• Increased knowledge of methods of engagement with young people to enable discussion on tobacco issues
• Gained practical skills to tackle the subject of smoking and tobacco control with young people
• Considered the application of a stop smoking programme for young people
• The confidence to discuss issues surrounding smoking prevention and tobacco control with young people.

Who should attend?
This course is for anyone who is in a position to provide young people with information which will enable them to make informed decisions about tobacco use, such as youth workers, school nurses, teaching and non teaching staff, social workers and community workers.

Cost: Free
Apply for a place at www.healthyfife.net
Elementary Health and Safety

The Royal Environmental Health Institute of Scotland (REHIS)

Aim:
Moving on from a basic awareness of health and safety issues, this one day REHIS accredited course is for workers requiring a greater understanding and knowledge of health and safety matters and how to apply them in their own workplace.

Learning outcomes:
By the end of this course participants will have:

• An increased knowledge and understanding of health and safety subjects, for example: risk assessment; hazardous substances; first aid and manual handling
• An understanding of the assistance available from Healthy Working Lives Fife and Fife Council Consumer and Business Education Team in relation to fulfilling their statutory obligations and promoting good health, safety and wellbeing in the workplace.
• On successful completion of a short multiple choice assessment participants will receive the REHIS Elementary Health and Safety Certificate.

Who should attend?
This course is suitable for those with an interest in health and safety in small and medium-sized enterprises (SMEs) and voluntary sector organisations including new business start-ups and established workplaces.

Cost: £125 SMEs/voluntary organisations actively engaged with Healthy Working Lives Fife may be entitled to one free place on this course. Please confirm eligibility for this offer by contacting a member of the Healthy Working Lives team on 01592 226488 or hwlfife@nhs.net.

**Other Sources of Health Related Training**

**The Organisational Development Department** of NHS Fife delivers tailored training to specific groups and services when commissioned by senior staff. They also help deliver open management/leadership and personal development programmes each year which are advertised and targeted to particular groups of staff. Please contact Patricia Boyle, Head of Organisational Development, email tricia.boyle@nhs.net about Organisational Development work or contact the Learning Department by email, fife-uhb.learningdepartment@nhs.net about general training and learning issues.

**Healthy Working Lives** organise and deliver a variety of workshops and courses across Scotland to support the development of health, safety and wellbeing skills and knowledge within the working environment. For course listings please visit: www.healthyworkinglives.com/events or contact the national advice line on 0800 019 2211.

**Research and Development** – The NHS Fife R&D Department also offers a comprehensive programme of research education workshops and seminars. Selected workshops can also be run for departments or groups of interested people on an ad hoc basis and can possibly be arranged to coincide with scheduled study days. Advice clinics are also available on intellectual property; how to access Fife prescribing data for use in research; advice on ethics applications and a research clinic offering advice on research design, statistics and writing up. For more information and availability please contact Amy Scobie, R&D Support Officer, on 01383 623623 ext 20955, email amyscobie@nhs.net or Dr David Chinn, R&D Coordinator, on 01383 623623 ext 20943 or by email davidchinn@nhs.net

**NHS Fife Library Services** offers a variety of information literacy training. Courses on navigating the NHS Scotland Knowledge Network, finding full-text journal articles and literature searching are available. They can be tailored to suit individual or group requirements. For more information, contact the librarians:

Marie Muszynski, email marie.muszynski@nhs.net, tel 01383 623623 ext 22546/28631
Dorothy Woolley, email dorothy.woolley@nhs.net, tel 01592 643355 ext 28790
Donna Watson, email donna.watson3@nhs.net, tel 01592 643355 ext 28790

**Playfield Institute** organises and delivers a range of workshops and training courses aimed at empowering the workforce to promote the mental health and wellbeing of children and young people. For more information, please visit www.playfieldinstitute.co.uk or email playfield.training@nhs.net
The NHS Fife Clinical Psychology Service can offer a range of training events and teaching programmes throughout NHS Fife as well as training in clinical supervision. Training is usually developed in relation to specific requests but can cover areas such as mental health, long-term conditions and childhood disorders. If you would like to discuss your training requirements then please contact Tara Graham, Research & Service Development Psychologist on 01334 696336, email taragraham@nhs.net

Inclusion Fundamentals workshop introduces basic guiding principles in understanding the diverse needs of people of different protected characteristics. It explores how these needs can be met with flexibilities or adjustments to how we normally conduct our business. This workshop is developed and delivered by Nina Munday, Manager of Fife Centre for Equalities and runs on a quarterly basis. If you wish to find out more about this workshop, please contact Nina Munday by email nina@centreforequalities.org.uk or telephone 08456 006 046.

The Fife Alcohol and Drug Partnership advertises up-to-date relevant training on www.fifedirect.org.uk/fifeadp. For more information please contact: Fife Alcohol and Drug Partnership on 03451 555555 ext 446153 or email alcohol.druginfo@fife.gov.uk

Think U Know Internet Safety Training. If you are an organisation working with young people or parent/carer groups Fife Community Safety Partnership would like to offer you the opportunity to have CEOP Ambassadors from Police Scotland attend your workplace and deliver up to the minute internet safety training to your staff. The training provides participants with an understanding of some of the risks to children and young people in the digital world and how to keep them safe as well as knowledge to deliver Thinkuknow resources to young people and parents/carers. On successful completion of the training participants will be added to a distribution list where information can be requested about sites, apps or devices as well as information about online trends, scams and popular websites. To register your interest, please contact safety.net@fife.gov.uk.

Fife Voluntary Action’s Training Project ‘Learning and Training in the Voluntary Sector’ is funded through Fife’s CPP ESF Priority 5 Project titled: Fife Employability Pathway.

The training project focuses on Stage 5 of Fife’s employability pathway and in particular on:

- Support to help employee retention
- Upskilling the workforce
- Provision of business skills for social enterprise.

The training project is aimed at people primarily working in Fife’s voluntary sector who would benefit from the opportunity to increase their skills, knowledge or qualifications.

For more information regarding the training project please email sandra@fifevoluntaryaction.org.uk
**Fife Employment Access Trust (FEAT)** offers a wide range of training and awareness raising opportunities to employers and individuals on a variety of mental health related topics. For further details see www.journeytowork.co.uk, tel 01592 759371, or email feat@journeytowork.co.uk

**NHS Fife Learning Centre** is located in the Staff Club, Victoria Hospital. The Learning Centre provides a wide and varied range of e Learning opportunities for all NHS Fife staff. There is no cost involved for using any of the facilities provided via the Learning Centre. You can attend the Learning Centre Mon–Fri between 9:00am and 4:00pm. Resources are limited, so we advise you to book in advance.

If you would like more information, please contact: Jackie Ballantyne, Learning & Development Officer e-Learning, tel 01592 643355 ext 28795, email jackie.ballantyne@nhs.net

**RNIB Visual Awareness and Learning Disability/Dementia Training** – This training aims to help participants to understand the impact sight loss has on the daily life of someone with a learning disability or dementia, and provide essential information and skills. It is relevant to anyone working within the field of learning disability or dementia. Several 3 hour courses will be taking place over the next few months. For more information, dates, or to book a place contact Linda Cruickshank or Janice Bain on 01592 646015 or at linda.cruickshank@rnib.org.uk or janice.bain@rnib.org.uk
